

Harrison Artistry in Wood

64650 Old Bend-Redmond Hwy, Bend, Oregon

Presents:

Larry Martin Loggerhead Shrike

April 27—May 2, 2015, 6-day, Monday-Saturday

Larry Martin, Master Carver, is a frequent program presenter for various northwest carving clubs, associations, etc. He teaches weekly bird carving classes in Western Washington and at his studio in Gig Harbor, WA. He is also the featured artist at the 2015 Artistry in Wood Show, in Lincoln City, OR!

(Not a picture of the project—just a good picture of a
Loggerhead Shrike.

The birds are carved from Tupelo; hard flight feathers, wings and tail are burned using a wood burner and fine burning tip; soft feathers are usually detailed with small ceramic stones. This is a complete bird, with carving, eye-setting techniques, blended acrylic washes, feet and legs and habitat. A very detailed power-carving, burning and painting project.

We will send a picture of the project and a list of supplies as soon as available!

Join us in our fabulous, comfortable 36'x48' carving facility. Demos will be on a large screen HD TV so you can watch from your comfortable, adjustable office/ergonomic chair, if you choose.
